

PVNet Internship Summer 2019

Intern Questionnaire Document

INSTRUCTIONS

Use the space provided by the text boxes to submit your answers. Please write in complete sentences.

You must have Adobe Acrobat installed to save this form as a PDF. Quick and easy installation here: <https://get.adobe.com/reader/>

IMPORTANT

It is imperative that the student applicant complete this form ALONE. Parents, we know you want to help, but we require authentic responses authored and written by your child.

Let this be a true learning experience for them. We appreciate your understanding and support.

Thank you,

PVNet

QUESTIONS

1. a. Which class do you enjoy the most at school? Also, briefly explain why.

- b. Which class do you enjoy the least at school? Also, briefly explain why.

2. Rate the following classes/subjects on a scale 1 to 4.

1 = love this subject, 2 = it's a little bit interesting, 3 not sure, 4 = don't like this subject

Science

Art (any kind)

Robotics

English

Math

Journalism

Public Speaking

Computer Science

Biology

History/Social Studies

Geography

3. Which class/subject(s) do you find easiest?

4. What is your favorite non-academic activity? How long have you participated in this activity and what do you enjoy about it?

5. Do you enjoy helping others?

6. Which do you prefer?

Work alone

Work with a partner

Work in a group

7. When you think about your future and earning money, do you:
(check as many boxes as you wish)

- ☐ Feel confident that you'll make a lot of money and be happy?
- ☐ Feel overwhelmed & don't have a clear understanding how/why people get paid for work
- ☐ Expect to work for a company?
- ☐ Think joining the military is a possible choice?
- ☐ Hope to start your own company?
- ☐ Plan to give this more thought in the future?
- ☐ Don't want to think about it, see where life takes you.
- ☐ Here is what I think: (in 100 words or less)

8. Check as many of the following as you they apply to you:

- ☐ Making things using my hands feels great, I want to do more of that.
- ☐ I like using computers.
- ☐ Posting information on social media sites is stimulating.
- ☐ I have ideas about inventing or improving something in this world.
- ☐ Time disappears when I'm Gaming.
- ☐ Programming (coding) used to look interesting but I took a class that changed my mind.
- ☐ I don't like using computers but like to make things.
- ☐ Taking photos or videos and editing them is fun.
- ☐ I enjoy discovering random information on the internet.
- ☐ Using the Web to learn more about things that interest me is wonderful.
- ☐ I would prefer to take some classes on line rather than attending a class.
- ☐ Creating or editing songs using a computer focuses my mind.
- ☐ School doesn't offer classes in subjects that I really want to learn more about.
- ☐ Trying to learn about technology is a bit frightening.
- ☐ When I hear news about new discoveries and technologies, I want to find out more but either don't have the time or don't know where to go to learn more.
- ☐ I don't understand how the things I'm learning can be used later on.
- ☐ When someone asks what I want to be/do in the future, I give them a convenient or impressive answer but the reality is I have no clue.
- ☐ It would be great to be free to explore a bunch of career options without making any commitments so I can find out what I like and what I'm good at doing.
